THE CHAMPION FOR YOUR EVENT

Whether it's a sporting event or ice skating at the Christmas market: The WM Compact is the compact professional ice resurfer of choice for smaller ice rinks and large mobile ice rinks. Fitted with powerful diesel engine drive, it is suitable for use outdoors, while the electric model with emission-free AC motor is suitable for indoor use. The WM Compact resurfacers ice as well as any large professional machine, guaranteeing outstanding ice quality on smaller areas of up to 1,200 m².

HIGHLIGHT

PROFESSIONAL QUALITY ICE RESURFACING

The robust WM Compact is easy to operate and provides outstanding comfort for the driver. With its tried and tested planing system, snow-breaker and integrated side brushes, the WM Compact guarantees perfect, professional ice resurfacing. The result? Outstanding ice even on smaller, mobile ice rink surfaces, and skating at its absolute best!

FACTS & FIGURES

Motor	Asynchronous motor
Drive power	15 kW
AC motor controller	AC Curtis
Idle revolutions	900 rpm
Drive revolutions	1,900 rpm
Transmission	continuously adjustable hydraulic four-wheel drive
Speed	0 - 12 km/h
Snow tank	1.7 m ³ - compacted 2.1 m ³
Water tank	600 l (stainless steel)
Tyres	175 / 70 R 14C 2 rows of spikes

STANDARD EQUIPMENT

Snow breaker
Hydraulically driven and swivelling side brush
Parking brake
Board guide pulley
Side mirror, rear
Side headlight
Flashing warning light
Audible signal for reverse drive
Maintenance-free asynchronous motor
Indicators on the drivers station: water tank level, battery state of charge, current consumption, status motor controller
Coated snow bin
PLC control
Spring-suspended driver's seat
Easily accessible engine compartment (tiltable bonnet)
2 blades
2 towels
Scope of delivery set

OUR COMMITMENT

User friendliness

Through the use of top-quality components together with a well-planned design, maintenance work is extremely simple and is reduced to a minimum.

Quality guarantee

The WM Compact is a product which has been developed, built and assembled in house, from start to finish. Only by doing so can we guarantee top quality and punctual delivery times.

Detailed operating instructions

You can find all information on operation, maintenance and safety in the operating manual.

The right replacement part, every time

Order your spare parts easily and conveniently from our online portal: Our series number and digital image system enable you to find the part you need with just one click.

Service and support

Our well-networked, international team of technicians undergo constant training and will be delighted to help you whenever you require assistance.

Series production

All WM technics vehicles are series-manufactured. We know exactly which parts have been used in each series run, and can deliver the correct spare parts to you at all times. At the same time, a number of optionals can be retrofitted with minimum effort and maximum precision, even years later.

Quality consciousness

From the manufacture of individual parts right through to the final quality-control inspection: Every step of the process is carried out and monitored with the utmost of precision. Each and every member of our staff is well-trained in his specialist field, and carries out all tasks conscientiously. This is a great advantage for our customers, who can be sure of receiving a technologically sophisticated product which has been manufactured to the very highest of quality standards.
